EDUCATION

DELHI UNIVERSITY
COMMERCE BACHELORS

August 2020 - August 2023
Delhi, India

CHANDIGARH UNIVERSITY
COMPUTER SCIENCE MASTERS

January 2024 - January 2026
punjab

SKILLS

PROGRAMMING LANGUAGES	Javascript
LIBRARIES/FRAMEWORKS	React, Tailwind Css, Nodejs, ExpressJs, Socket.IO
TOOLS / PLATFORMS	Git, Github, VS code, Postman
DATABASES	MongoDB

PROJECTS / OPEN-SOURCE

SPROUT (VCS , VERSION ZERO) | [LINK](#)

Nodejs, Javascript

Sprout is a simple, command-line version control system (VCS) designed for developers to track changes in their codebase. It provides functionality similar to other version control systems, like Git, but in a lightweight and easy-to-use manner.

CHATTRIX CHAT-APP | [LINK](#)

MERN Stack , Socket io

Built a real-time chat web application using MongoDB, Expressjs, React, and Nodejs (MERN stack) integrated with Socket.IO for instant messaging. Users can send text messages, images, and files with seamless communication and smooth media handling. The app supports a dynamic user interface and efficient file uploads for an enhanced user experience.

URBAN AURA (E-COMMERCE) | [LINK](#)

MERN STACK

Built a full-stack e-commerce platform using MongoDB, Expressjs, Reactjs, and Nodejs. Created an admin panel for order management, updating orders, and adding new products. Integrated Razorpay and Stripe for secure payment processing. Tested and optimized APIs with Postman for performance and reliability.

PORTFOLIO | [LINK](#)

React, Tailwind Css, React Router

Built with React, Vite, and Tailwind CSS for a sleek and responsive design. Implemented React Router for seamless navigation and a smooth user experience. Emphasized clean code practices and fast build times for optimal performance. Demonstrated proficiency in modern web development technologies with a user-friendly interface.
